Board of Education Policy

SHARED SERVICES

Students from non-public schools or home-based programs shall not be allowed to borrow instructional materials or participate in district courses or activities except as required by law or provided by the Board. District residents attending non-public schools or home-based programs may be allowed to participate in summer school classes upon the approval of the administration.

District residents will also be allowed to participate in all regularly scheduled standardized testing except participation in the Wisconsin Knowledge & Concepts Examination. This testing will be provided for these non-public or home-based students at a cost to the parent or guardian equal to the per-pupil testing cost to the district for that standardized test.
